[Receive your Workbook](#) | [Book your Sessions](#) | [Win the Interview](#)

Call me to book your 4 sessions to build your skill set, master those challenging questions that are unique to you and your situation.

GATHER CONFIDENCE TO OWN THE INTERVIEW

Session 1	The Dirty Dozen "Tell me about yourself" can be the first question and the one that determines the winner of the job offer.
Session 2	Behaviour Based Yes, you are expected to have had challenges and shown emotional intelligence and social intelligence to create resolutions.
Session 3	Technical Questions This is your chance to determine the questions specific to your occupation and I will coach you to the best answer.
Session 4	Practice Interview This session we will cover a mock practice interview with new questions I have composed that cover all three areas.

Now is the perfect time to book a Discovery Call and meet with Gayle one-on-one to assess your program needs.
